SUMMARY

A creative software developer with 4+ years of experience. I've worked for agencies, developed for startups, and collaborated with talents to create digital products for both business and consumer use.

TECHNICAL SKILLS

React/NextJS	React Native	Python	Django	FastAPI	Flask
Golang Vue	PHP/Laravel	Flutter	Typescript/JavaScript	Celery	Redis

PROFESSIONAL EXPERIENCE

Cybasoft US (Remote) - Software Developer   **Nov 2022 – Jul 2024**

Python, Laravel, React Native, React, JavaScript/Typescript

- **ShadowNexus:** Developed backend API for a cybersecurity and ransomware advisory app with over 50 billion digital identity records, using Python, FastAPI, Elasticsearch, Celery, and Redis; contributed to frontend tasks (React) linked to API.

- **Planrr:** Built the app with React Native, integrated with a GraphQL backend, and implemented social logins for Apple and Google on both iOS and Android.

- **ARC:** Fixed bugs on an Aviation Safety Management System software from AviationManuals built with Vue and Laravel.

Tamarin Health (Contract, Remote) - Mobile Developer   **July 2022 - Oct 2022**

- **Shyro:** Created a health, fitness, and wellness app with Flutter; integrated Terra and Hasura (GraphQL).

Innovex Solutions (Hybrid) - Software Developer   **Aug 2021 - Jul 2023**

Python, FastAPI, React/NextJS, Angular, Typescript

- **MyResque:** Led frontend development with NextJS for Kenya's ride-hailing accident management service; developed microservices APIs and an OAuth module with Python (FastAPI + Postgres) for login to claim management and other modules.

- **Myresque Legacy:** Maintained and fixed bugs on the legacy Angular version, while developing a new version.

Peleza International - Software Developer   **Feb 2021 - Jul 2021**

Python, Django, Vue, PHP

- **PSMT & PIDVA:** Maintained legacy systems in Vanilla PHP; created new systems integrating with government APIs (KRA, BRS), CRB API and MPESA; automated 80% of reports, reducing turnaround time from 3 days to almost instant for these reports.

EDUCATION

Moringa School – Software Engineering   **Feb 2020 – July 2020**
